

Gunn Runners
C/- Mr Anthony Ditchburn

1 October 2007

Dear Anthony,

On behalf of The Alfred community, thank you to you, Damian Hely, Meagan Walker and other Gunn Runners coordinators for organising the Charity Movie Night on the 21st September at the Jam Factory.

Congratulations on organising a successful event that has raised \$2,000 towards a new treadmill for The Alfred's Physiotherapy Department.

As a small gesture, please find a certificate enclosed in appreciation and acknowledgement of the Gunn Runners support of The Alfred.

The Physiotherapy Department assists in the physical rehabilitation of patients from various medical units of the hospital, including Trauma, Transplant, Cancer Services and Burns. Our physiotherapists care for approximately 250 patients each week.

Increasing a patient's level of physical activity facilitates their early discharge from hospital and improves their overall long term health. Treadmills are particularly important as many patients have to be assisted in walking again.

With support from community groups such as the Gunn Runners, The Alfred can ensure all patients are given the best possible care and go on to enjoy the quality of life they deserve.

Thank you again for your enthusiastic and generous support of The Alfred.

Yours sincerely,

Leora Harrison
Director
The Alfred Foundation
